Valuable Invention.

We learn that Mr. M. T. Coleman has filed a saveat for an improvement in India rubber horse collars and saddles, which are inflated with air, instead of being stuffed, as is now the case. This will prevent chafing and he a great relief to the noblest of all animals—the horse. Dyspepsia-Sour Stomach! "ATTICA, Genesee Co., February I. 1863.

"M. T. WALLACE & CO.—Geatlemen: I was, for mole than a year, milliced with a disease of the atomach. I could not eat any fat or greasy substance without ensing great pain, sickness, and vorniling, and was continually afficied with seour atomach. I, as an experiment, tried one bottle of BRANT B MEDICANE, which, to my ulter disappointment, cased and rateed the usual pain after sating. I therefore used a second bottle, which has completely cured the disease. I are now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour.

"Yours respectfully,"

Mr. Wilcox is a respectable merchant of Attica.

PETROLEUM:-This great remedy of unture.

her repeated and fair trials, has worked its way into popular favor. We need hardly repeat the fact, that this is a pure, unadditerated Natural Medicine, and is put up as it flows from the bosom of the earth, without admixtures of any kind. In these days of Nostrum vending, we do find wonder at the incredulity evinced by the community, upon the introduction of a new remedy, but that incredulity shall not suppress a medicine, whose powerful influence has untigated and cured many diseases incidental to out meetwere we to withhold a remedy like this from public notice, we should consider ourselves as guilty of keeping back something that who intended to relieve much human suffering, and dispel the gloom and pain of many u one whose system has been maked and tortured by the full engines of disease. Nay, do not wonder, gentle reader, and join with others in the cry, that it cures too many diseases; for if you will take the trouble to look over the list of diseases for which it is reconsmended, you will find that they are diseases afneeded, you will find that they are diseased afocting the same kind of tissues, and consequents it is applicable to all.

The Petroleum is one of this kind of remedies and is endued with powers to relieve more human raffering than any medicine extent. When taken

erseveringly it will cure harrhea, Piles, Gout, Naralgia, Obstinate Erup tions of the skin, Erysipelas, Chronic Sors
Eyes, Ring Worm, Scald Head, Tetter,
Pains in the Bones and Joints,
and all that class of disasses in which Alterative

or purifying medicines are indicated. The Petroleum has cured numberless cases of Chronic Diarrhon of long standing that have resisted ev-ory other treatment. Inflamatory Rheumatian can be cured in nearly every onse. Cases of 7 years standing where they were the most perfect cripples that could be imagined, have been cured and made to walk. All cases of inflamed sere oyea, even when the patient is blind, if the eyes are is his head, can be cured by the Petroleum or Rock Oil, if theroughly applied. In Piles, it has also been effectually tried; several cases of which have come under the immediate notice of the Proprietor, in which the Petroleum afforded complete relief. In diseases of the bladder and

kidneys the Petroleum is invaluable.

In dealness depending on the bardening of the wax it will give relief by opening the obstruction and dissolving the wax which obstructs the passage to the auditory nerve, which is the common cause of duliness of hearing.

ANOTHER CURE-RHEUMATISM yields

O PETROLEUM: I feel myself under a debt of gratitude to the proprietor of Petroleum—the use of which great medicing has entirely cured my wife of a violent attack of Rheumatism. She had labored under an attack of the disease about 2 months, suffering the most intense pains, the greater part of the time confined to her bed unable to do anything. The pain in the limbs was very great, attended with a great deat of swelling the Petro-leum had a happy effect, for the first 2 or 2 appli-entions the swelling diminished and the pain left her. I continued to apply the medicine daily for two weeks, which entirely relieved her, and she is now as well as she exer was in her life. I foul confident that the Petroleum is one of the great est remedies in the world for the amatic pains and swellings. Signed, PETER HULL. Perry st., Allegany city, Fa. CHRONIC COUGH CURED.

I take pleasure in certifying to the valuable toperties of Mr Kier's Petroleum, for affections if the breast and lungs accompanied with severa ain and cough. I took the Petroleum in larger uses than is recommended in the directions. 1 not a large spoonful three times a day; at first L ound it very unpleasant to take, but after taking a few days I got to like it. I should like to have a barrel of it to use in my family, for I be-lieve it is a valuable medicine. The Petroleum produced no unpleasant segmention in the use of it. Wm. DAY, Pittsburg, Pa., Mar 16, '50. THERE IS NOTHING LIKE IT FOR BURNS

Bellefante, Feb 21, 1850, I got 3 dez of Mr Kier's Petroleum of Mr How-ll and I am disposed to think there is nothing anal to it for burns; having burnt my hand and specting nothing less than a long testions sore, out I found no soreness at all from it, only leaving red scale without any soreness when pressed pon; which quite surprised me. I therefore have great faith in its efficacy so far, at least and will antroduce it in this section. Very respectfully.

cartfelt thanks for the great benefit I have reil, of which you are the sole proprietor. I had been sign to use it about the later January in a riolent attack of rheumanism, which was very minul, flying about from place, accompanied with much swelling so as to keep me in constant torture. I used the Petroleum externally, a few applications of which removed all pain and evry symptom of the disease. I am now entirely rell, and would take this occasion to recommend to every person who is laboring under the figo-

izing pains of thenmatism or kindred diseases. ZIBEON WILBAR, Pittsburg, Feb 12, '50, AGENT'S FOR HARRISON COUNTY: Cadiz, J S Thomas; Rumley, Wertz and Gut-shall; Newmarket, Simpson and Grace; Rumley, D Arbaugh; Jefferson, Dr Daffield; Point Pleas-Jan. 8, 1851. - 1 v
